# Make a FLEXI-FISH!

STEP 1: Decorate & cut out your fish, fins, etc.

STEP 2: Fold fish body along all 3 fold lines.

STEP 3: Re-flatten fish body. Then fold in half using middle fold line. Then make evenly spaced cuts from tail to head cutting right up to the fold line.

STEP 4: Glue outer flaps together to form bottom of fish body.

STEP 5: Glue fins, tail, lower jaw to bottom of fish body and then glue on eyes & accessories.

STEP 6: Make your fish wiggle & swim!
