

CRAFT IT: SCARECROW

1

Decorate and cut out your hat, cuffs and accessories. Cut 2 thin strips of construction paper and glue them together to make one long band.

2

Glue your hat and accessories onto the band. Cut thin strips of yellow paper and glue on the inside of the band, hat, and cuffs to look like straw. Fit the band to your head and tape it.

3

Tape the cuffs around your wrists. Tape the pockets to your shirt.

4

Now you're a scarecrow!
