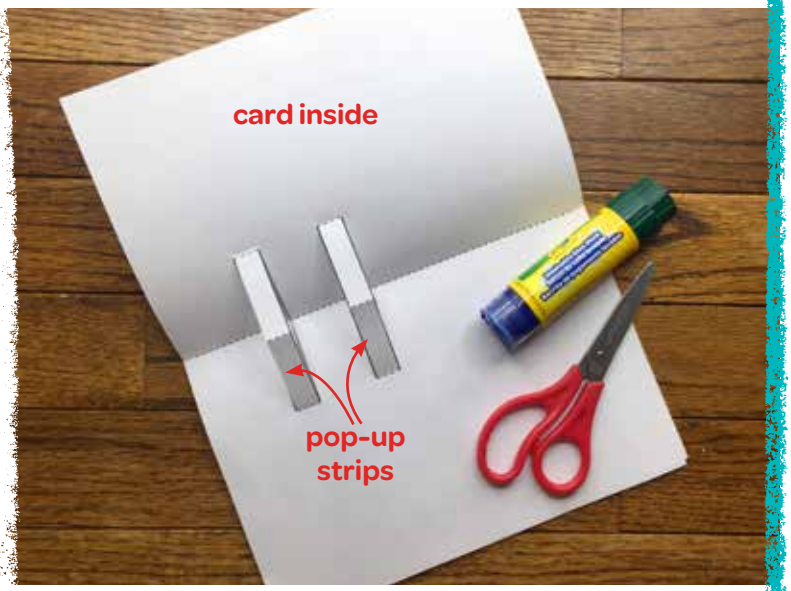
FATHER'S DAY POP-UP CARD

1. Color the card outside & accessories. Fold both card outside and card inside in half (along the dotted lines). Cut out the accessories.

2. On the card inside, cut along the black lines. Fold the 2 strips inward so they pop up when you open the card. Glue the inside card & the outside card together.



3. Glue the 2 crayon characters to the 2 pop-up strips. Their feet should line up with the bottom of the strip.

4. Glue the rest of the accessories onto the card. Don't forget to personalize it before you give it to Dad!
